GENERAL CONTRACTOR & REMODELER

HOME REMODELING

We hired Trench Flooring & Remodeling for our kitchen remodel. They were very pleasant to work with and they listened to our concerns and were willing to do whatever they could to make our kitchen our dream kitchen. They did an amazing job despite many obstacles due to problems with our cabinet supplier. They worked quickly and got the job done. My husband, son and I couldn't be happier with our new kitchen! I would definitely hire them again and plan on hiring them to help us with a few more house projects. A very good value for the money and they will keep coming back until the job is done to your satisfaction.
